July 21, 1982

Mr. Thomas N. Tetting
Engineering Geologist
Department of Natural Resources
Division of Oil, Gas and Mining
4241 State Office Building
Salt Lake City, Utah 84114

Dear Mr. Tetting:

Kaiser Steel Corporation is submitting herein a copy of our 1982 exploration plan on federal and state coal leases located in Townships 16 and 17 South, Ranges 14 and 15 East, SLBM, Emery County, Utah.

The federal program was approved May 26; however, we are now amending the program to include additional drill sites and seismic lines. Two of the drill sites and a seismic line are proposed on state lease ML-2820.

Enclosed are: (1) the approved exploration plan, and (2) the amended plan submitted to the District Mining Supervisor, Minerals Management Service, Salt Lake City, which serve as our Notice of Intention to drill.

An on-site inspection for approval of the amended federal plan is scheduled for 12:00 Noon, July 27, at the BLM office, Price, Utah.

We expect to commence drilling under the approved plan during August, 1982.

A similar copy of the exploration plan has been sent to the Division of State Lands and Forestry. Should you have any questions, please do not hesitate to contact me.

Sincerely yours,

KAISER STEEL CORPORATION

R. L. Wilson

July 20, 1982

Mr. Jackson W. Moffitt
District Mining Supervisor
Minerals Management Service, USDO
2040 Administration Building
1745 West 1700 South
Salt Lake City, Utah 84104

Attention: Mr. Stephen Falk

Re: Amendment to Kaiser Steel Corporation's 1982 Coal Exploration
Plan. Approved 5/26/82.

Dear Mr. Moffitt:

Kaiser Steel Corporation requests additional drill sites and extension, realignment or deletion of seismic lines approved in the plan.

Drill sites 18, 20 and 22 are proposed on federal coal leases (see attachment).

Seismic lines are changed as follows:

Line A: realign/extend	Line E: Delete
Line B: extend	Line F: Delete
Line C: realign	Line G: Delete
Line D: realign	Line H: Delete

Although lines E to H are at present deleted, we would wish to retain, as options, any portion of lines which have had prior approval.

Mobilization of equipment to commence work on the approved plan is now planned for the first or second week of August, 1982.

Thank you for your cooperation and please contact me should you have any questions.

Sincerely yours,

KAISER STEEL CORPORATION
